

The Learning Laboratory New Orleans, Inc.
7100 St. Charles Avenue #203
New Orleans, LA 70118

August 30, 2017

Dear Parent,

I am writing to invite your child to Math Monday, the latest exclusive, innovative program presented by the Learning Laboratory New Orleans.

Math Monday is a 10-week afterschool math program with a focus on problem-solving, study skills, and math enrichment. The Learning Lab empowers parents who want to get their kids engaged in and excited about mathematics through authentic learning experiences, including real-life problems, hands-on activities and integration of the latest technology hardware and software.

In its third year, the Lab has partnered with Family Math Night to provide not only an exciting math program, but also a culminating event for parents and families facilitated by Math Monday participants and volunteers. This year's theme is "Gellin' with Geometry". Learners will engage in a variety of hands-on activities that include explorations in 2- and 3-dimensional geometry...perfect for developing those visual, spatial and artistic STEM/STEAM skills.

Fall Session 2017 is on **Monday afternoons, September 11 - November 27, 2017, 5-6 p.m., with free homework help at 4-5 p.m.** at the Learning Laboratory at 7100 St. Charles Avenue in room #203.

The total cost of Math Monday is **\$500 per ten-week session**. The full balance must be paid on or before the September 1.

We are excited about this program and hope to see your child there! Please visit our website at **<http://learnlabnola.org>** for more information about the Lab and Math Monday or feel free to contact me at **tblanchet@learnlabnola.org** or **(504) 475-4522**.

To enroll your child, please register online at **<http://learnlabnola.org/mathmonday>**. Seats in this program are very limited, so apply now! Thank you!

Educationally yours,

Tinashe Blanchet
Founder, Lead Learner
