

September 16, 2018

Dear Parent,

Your child is invited to Saturday Morning Math, the latest exclusive, innovative program presented by the Learning Laboratory New Orleans.

Saturday Morning Math is a 10-week math program with a focus on problem-solving, study skills, and math enrichment. The Learning Lab empowers parents who want to get their kids engaged in and excited about mathematics through authentic learning experiences, including real-life problems, hands-on activities and integration of the latest technology hardware and software. In its fourth year, the Lab has partnered with Family Math Night to provide not only an exciting math program, but also a culminating event for parents and families facilitated by Saturday Morning Math participants and volunteers. This semester's theme is "Gellin' with Geometry". Learners will engage in a variety of hands-on activities that include explorations in 2- and 3-dimensional geometry...perfect for developing those visual, spatial and artistic STEM/STEAM skills.

Fall Session 2018 is on **Saturday mornings, September 22 - December 8, 2018, 11 a.m. -12 noon, with free homework help at 10-11 a.m.** at the Learning Laboratory at 7100 St. Charles Avenue in room #203.

The total cost of Saturday Morning Math is **\$600 per ten-week session.** Payment arrangements are available for families with financial need.

Drop-In Service Now Available

Parents now have the choice of two options, drop your kids off for a night of math enrichment and homework help or enroll for the entire program.

We are excited about this program and hope to see your child there! Please visit our website at **<http://learnlabnola.org>** for more information about the Lab and Saturday Morning Math or feel free to contact me at **tblanchet@learnlabnola.org** or **(504) 475-4522**.

To enroll your child, please register online at **<http://learnlabnola.org>**. Seats in this program are very limited, so apply now! Thank you!

Educationally yours,
